B. Give It a Try!

Do you know it is not easy to row a boat? Even we use motors to help water transportations sail better now, it is still a hard task to control a ship or a cargo. Ever Given is one of the longest cargo, the length is more than 400 meters, in the world. Sadly, it got stuck and caused other ships couldn't pass the Suez Canal. Now scan the QR code and give it a try to pass Suez Canal and show me your result.
